# ALWAYS TIRED **NEVER RESTED**

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling-a weariness without work that is unnatural and shows

some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the mus-

cles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insommia, nervousness, indigestion,

dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

## A LINGERING COUGH

The cough that holds on in spite of all remedies needs energetic and above all thorough treatment. A mere this work will be undertaken at once. cough mixture won't do. Root out the cold that causes the cough.

How? Scott's Emulsion. Why Scott's Emulsion? Because it stops the irritation, soothes the tissues and heals the affected membranes. When? Right away. Scott's Emulsion begins to help with the first dose.

People who have used Scott's Emulsion will not be satisfied with any of the numerous substitutes that are offered in the form of wines. extracts, cordials, etc. When life and health are at stake it is unwise to experiment with unknown and untried preparations.

Shredded Whole Wheat Biscuit is made in the most hygienic and scientific food laboratory in the world. The wheat is spun into light shreds, containing thousands of open pores and is not crushed flat and dense as in the case of other foods. These pores absorb the digestive juices and provide far greater surface for their action than is given by any other food.

The following simple "course before coffee" is much in vogue with club men everywhere. The simplicity of preparation and the little cost, together with the delicious taste of the compotes, make this
